WM. HELLER WAS IN FAMOUS BODY

MEMBER OF QUEEN AUGUSTA'S
REGIMENT.

KAISER WILHELM THEN A PRINCE, HIS MAJOR

Has Twelve Nephews in the German
Army—Joe Bluel Also Served
His Term.

A Maryville man who has lived here for twenty-three years was a member of the choicest regiment in the German army for three years. William Heller is the man and he was a member of the Queen Augusta body guards from 1882 to 1886.

During the time that Mr. Heller was a member of this regiment Prince Wilhelm, now the Kaiser, was major. His grandfather was emperor at that time. The Queen's Own, as they were known, were the flower of the entire German army, picked by the officers for perfect physical conditions, best appearance, and skill in military maneuvers. To win a place in this is the proudest achievement of a German youth.

Six years after his term of service was finished, Mr. Heller came to America and became an American citizen. He came direct to Maryville, as he is a cousin of Tony and Joseph Bluel, who were already in Nodaway county. Another brother, Frederick Bluel, was here and at Conception for two years, after which he returned to Germany and bought the old home place near Fulda.

An interesting co-incidence in ages exists among the cousins and the Kaiser. Joe Bluel is just six months younger than Emperor Wilhelm, and Tony Bluel and Mr. Heller are almost four years to the day younger than the ruler of Germany.

Tony Bluel did not serve in the German army, as he was only 17 years old when he came to this country. Frederick served two years in the 86th regiment of fusiliers at Fulda, and Joseph two years in the barracks at Wiesbaden, in a company of the same regiment. All of the men remember the Franco-Prussian war of the seventies, although small boys.

Tony was the first of the men to come to America, sailing in 1880. Frederick worked one year for Frank Shoemaker and another at the convent at Conception before returning to Germany. Joseph has been in the butcher business here. He also spent four years on a ranch in Colorado.

Louis Gram married a sister of the Bluel boys, who came to this country to join her brothers. Mr. Gram also came from Fulda and knew the family back in the fatherland. All of the men have nephews and the husbands of nieces in the army.

Three farms are grouped around the home village. The women are running the farms and twelve men are away in the army. Not a one of them has ever been wounded, according to a letter from a sister of the Bluel brothers. A nephew of Mr. Heller is missing, but it is not known whether he was killed or captured. A letter has been received from Frederick Bluel which tells of their life in war times. He was forced to renounce his American citizenship by the German government. He writes as follows:

A Letter From Germany.
Steinbach, Germany, Feb. 10, 1916.—Dear Brother: It affords us much pleasure to acknowledge the receipt of your letter. Last summer I wrote you a long letter describing in full the conditions as they existed here at the time. Evidently this letter failed to reach you. Possibly the censor may have concluded for good and sufficient reasons that what I wrote had better be suppressed.

To be frank with you, we are all weary of this terrible war, but of course are unable to change conditions, and for that reason endeavor to make the best of circumstances.

Those who are 19 years old have now received their full military training but they are not sent to the front. Nothing would please many of these fellows better than to take an active part in the fighting, but their desire is not gratified for reasons best known to those in command. All under 45 years of age who had served in the army were called in, but recently those between 40 and 50 years were returned to their homes. Those having reached the age of 39 years but had failed to pass the military examination in years prior to the war, must now report for duty, but all of these men are not yet called in.

We firmly believe that Germany will be victorious in the end. England talks of starving us into submission but will never be successful in this undertaking. True, we must save in everything. The reports of food conditions as published in many foreign papers are absolutely without foundation. No one need be hungry if the bread allowance has been reduced to one-half of a pound per day. Our soldiers certainly do not show any signs of hunger, for those who come here on furlough are all sleek and fat. Everything considered the farmers have fared very well during the war period.

All live stock is very high in price, hogs abnormally so. Rye is 11 M. 50 Pf. per hundred weight and wheat 14 M. for the same quantity. Yet I am told that higher prices have been paid here for grain when no war conditions prevailed.

Only for the United States our troubles would soon be ended.

With best wishes to you and all, I remain,
Your brother,
FREDERICK.

CIRCUS DREW \$80

CROWDS JAMMED CORRIDORS OF
NORMAL BUILDING.

A FREE STREET PARADE

Many Good Laughs and High Carnival
Time as Seniors Presented
Annual Stunt.

Nickels, pennies and dimes rolled into the boxes of seniors last night at the Normal circus, and an incomplete count today makes the estimate of receipts about \$80. A crowd that jammed the corridors of the main building of the Normal seemed to have a fine time.

Those having the affair in charge, particularly Fred Lewis, general manager, were almost driven to distraction yesterday as it rained, then cleared up and then rained some more. The circus was postponed, then unpostponed, until the newspapers also were being driven toward drink.

But promptly on time the parade came uptown. In the lead was W. A. Rickenbrode, registrar of the Normal, in the police clothes of E. C. Moberly, former city marshal. Edgar Hull as "nigger" drum major, came next, after which what was supposed to be a band was in one of the buses.

"Votes for Women" took up the next part of the "peeraade." Then came a Ford with an alarm clock attachment, a band of gypsies, a car full of "peaches and cream," being a collection of "auburn" haired dameels, Siamese twins, and the real "scream" of the circus, which was a pictorialization of the three ways of getting through college.

In the first float was a fellow bent over a book studying like mad. Next came a man riding a small pony and bringing up the rear was Fred Lewis, driving a manure spreader. The circus proper went over per schedule, with all the advertised features. Among the make-ups, that of Walter Hanson as a "nigger" was the best by all opinions and votes.

The junior class met at the home of Prof. W. J. Osburn in farmer garb and went to the Normal in a body.

Fred Newlon was a business visitor in Clearmont yesterday.

4 MARYVILLE DOGS VILLA AVOIDS TRAP

EACH HAS DISTINCT PUBLIC CHARACTER.

THREE "SPEED FIENDS" BETTER BORDER PATROL

Fourth Always Has Prominent Part in Band Concerts—Racing with Bus Great Sport.

Time was when the chief topic of discussion of the "hangers on" was "my dog," but the advent of motor cars of various makes, speeds and so forth have usurped the dog stories somewhat. However, Maryville has at least four dogs that have very marked traits.

Albert Butherus is the owner of a dog, just a yellow dog, with a long tail. But Albert never takes part in a band concert that his dog is not at his feet or standing directly in front of him, gazing with a knowing look at his master's clarinet. When Butherus plays a solo the dog will follow him to the front of the stage and will quietly (?) wait until his master has finished, then he will again take his place at his feet.

From a several months' observance of the actions of this dog, one is convinced the dog knows the tones of the different musical instruments, and when Mr. Butherus begins to play, after an interval when the others are playing, the dog will look up quickly.

John Tilson, who transfers the mail from the stations to the postoffice, has a coach dog that is a speed fiend. Every day this dog will get in the back seat of the Overland Mr. Tilson uses in transferring the mail, and place his rear feet on the back seat and his fore paws on the back of the front seat and he seems ready to howl, "Let 'er go."

Not long ago as Mr. Tilson was going to the Burlington station, in front of the Nicholas residence the car skidded and spun around in a circle, and climbed the curb on the parkway. The dog never lost its place, and seemed to think it quite a stunt, while the spectators held their breath.

This dog is also a "jitney" enthusiast, and most any time of the day except train time, he can be seen hugging the running board of a jitney, and no matter how quick a turn is made, the dog sticks.

Black Dog Speed Fiend.

Harold Staples, the Indian motor cycle agent, has a black shepherd dog that seems to think it is his work in this world to keep the Indian from outrunning him, and no matter how fast the motorcycle goes, the dog is bounding right along by its side.

In one instance it kept pace with the motorcycle for about ten blocks before it was lost to view, and the estimate speed of the motorcycle was 25 miles an hour.

While riding up in the bus last week, a collie dog was noticed to bound onto the walk just west of the Burlington station. The bus was coming at a fairly rapid rate and the dog was trying to beat it.

All Dogs Outrun Busses.

Collie came in leaps and bounds, up hill and down, dodging pedestrians on the walk. It seemed to know that the walk was the best course for it to take. A couple of blocks east of the square collie looked like he thought that he was a loser, when he suddenly turned on a better speed, and as the bus came up the hill on low collie caught up, out of breath.

Thinking the dog would probably give up the race, little attention was paid until the bus turned south on Main street, and the many motors, vehicles and people made it hard for collie to get through, but he beat the bus to the Linville hotel by a few feet and was barking will all his might when the occupants of the bus alighted. There were fourteen persons in the bus and only two people observed the dog.

One was the owner of the dog, the other ye "dog" reporter.

HALE ON COMMUNITY INTERESTS.

Maryville's Environment for Her Young Men Tomorrow Night.

Beginning tomorrow night, the Rev. Lewis M. Hale will give the first of a series of community of general interest sermons which he has planned to give the last Sunday night in each month.

The subject of his sermon tomorrow night is "The Environment that Maryville Makes for Her Young Men."

W. M. McClanahan, operator at the Wabash, left last night for Mexico for a few days visit with friends.

VILLA AVOIDS TRAP

BANDITS FLEEING INTO SACRE MADRE HILLS.

BETTER BORDER PATROL

Republican Senators in Caucus Today to Form Minority Policy on Mexico.

Special to The Democrat-Forum.

El Paso, March 25.—Villa is reported to have escaped the trap set by his pursuers and have fled to the Sacre Madre mountains with a picked band. It is reported that he abandoned two hundred followers at Flosco.

General Pershing is said to have sent a strong body of cavalry toward Temoschie, on the Mexican-Northwestern railroad, and southwest along Teolocoachic to interfere with Villa. On account of the weather conditions the wireless is practically useless and General Funston has received only meager reports from Pershing in two days.

Late reports confirm the earlier rumors that Villa is fleeing down the Santa Clara canyon, pursued by both Americans and Carranzistas.

Carranza May Enter U. S.

Word has reached here that Carranza troops are considering an expedition into United States territory near Presidio to capture cattle thieves. The troops engaged the thieves in a running fight two days ago, but stopped at the California border.

Republican Senators in Caucus.

Washington, March 25.—Republican senators held a caucus this afternoon to formulate a definite policy of the minority on the Mexican situation. It will be embodied in a resolution to be drafted Monday. It will set forth that not enough troops have been sent into Mexico to assure the success of the expedition, and that the border is not sufficiently well patrolled.

The naval department has ordered the transport Hancock from Key West to Galveston. No explanation is made, but it was indicated by officials that the transports would be held at Galveston in preparation for any emergency.

Funston Strengthening Patrol.

San Antonio, March 25.—General Funston has ordered a general strengthening of the border patrol. This is regarded as necessary on account of the many bands of Mexican marauders near the frontier. Lines of communication are also being strengthened.

M. E. OFFICERS INSTALLED.

KIMBALL "NOT GUILTY" VON BUELOW TO BERLIN

JURY CLEARED STANBERRY MAN, FORMERLY OF MARYVILLE.

He Was Charged With Assault With Intent to Kill Mrs. Maggie Slater.

The case of the state of Missouri against L. A. Kimball of Stanberry, charged with assault with intent to kill Mrs. Maggie Slater by throwing acid on her on September 28, 1915, was tried yesterday at Albany before Judge Charles H. Mayer. The jury brought in a verdict at 10 o'clock this morning of not guilty.

Mrs. Slater testified that Kimball was lying in wait in an alley back of his home, and as she was passing down the alley he seized her and dragged her into a coal shed and attempted to pour acid in her mouth, and failing in the attempt the acid was poured on her face and neck, inflicting severe burns.

The defense proved that Kimball was not present at the time and place where the offense was alleged to have been committed. The defense also showed by two neighbor women who lived just across the street from the Slater home that they saw Mrs. Slater take the acid from a bottle which she held in her hand, evidently with suicidal intent.

The state was represented by D. D. Reavis, prosecuting attorney of Gentry county, and the defense by W. A. Blagg of Maryville and Frank J. McCaslin of Stanberry.

Mr. Kimball has been in the drug and jewelry business in Stanberry since 1879. Prior to that time he taught school south of Maryville and clerked in a drug store in Maryville.

TO PLAY HAWAIIAN NUMBER

Cornet Solo by Miss Marie Alden and Song by Travis Pendergras on Band Program.

A cornet solo by Miss Marie Alden, a vocal solo by Travis Pendergras and a Hawaiian Patrol by the band will be on the program of the Fourth Regiment band at the Empire theater tomorrow afternoon. The program is: March, "Pomposity," Vandercook. Selection from Verdi's opera "Il Trovatore," Meyrelles. Medley two-step, "When I Leave the World Behind," Schulz. Cornet solo, selected—Marie Alden. Selection, "Faust," Meyrelles. Hawaiian Patrol, "Kilanea," Stewart.

Vocal solo, "Boat Song," M. J. Moses—Travis Pendergras. "Fox Trot," Arthur Pryor. March, "The Stars and Stripes Forever," Sousa.

W. W. Jones returned last night from a two weeks' business trip to Oaks, N. D., near which place he owns a farm.

Mrs. Ida Hays and three children left today for Clarinda, Ia., where they will visit the former's sister, Mrs. G. W. Hays.

TWO SHIPS SUNK; AMERICANS DEAD

CHANNEL STEAMER SUSSEX HIT WITHOUT WARNING.

WILL PROBABLY MAKE U-BOAT ISSUE ACUTE

Dominion Liner "Englishman" Has U. S. Citizens Missing—12 Unaccounted for on Steamer.

Special to The Democrat-Forum.

London, March 25.—At least fifty persons are dead, some of them Americans, in an explosion which damaged the English channel steamer Sussex, which put into Bologne at 1 o'clock this morning.

The steamer was listing heavily at the starboard. Passengers say that the ship was torpedoed without warning and the lookout has made an affidavit that he saw the wake of the torpedo from a German submarine.

Passengers who arrived here this afternoon reported that twelve were killed outright by the explosion and others were drowned when lifeboats were overturned. Many jumped overboard and perished.

Twelve citizens of the United States are unaccounted for this afternoon. Miss Baldwin, daughter of an American resident of Paris, died this afternoon from wounds received on the Sussex. It is expected that this sinking without warning will bring the issue between Germany and the United States to its final acute issue.

Four Americans on Another.

Washington, March 25.—The Dominion liner Englishman, three days out of Avonmouth, England, was torpedoed and sunk presumably by a submarine. Four American horsemen are among the missing, according to a state department cablegram from the American consul, Armstrong, at Bristol. Sixteen are reported saved and eighteen believed to have been lost.

PATRONS SURPRISE TEACHER

Common Sense Pupils Equally Astonished When Parents Arrived at Noon Yesterday.

The patrons of the Common Sense school, near Orrsburg, gave the teacher, Miss Elsie Alkire, a surprise dinner at the school house yesterday.

The school closed yesterday, and on account of the weather no program had been planned for the closing day, and both teachers and pupils were greatly surprised when shortly before noon the patrons began to arrive with loads of good things to eat.

Miss Alkire has been a most successful teacher, and the dinner was in token of the esteem in which she is held by the patrons.

Those present were: Mr. and Mrs. Roy Conrad and three children, Mrs. Will Burkenholz and three children, Mrs. Dale Simmons and son, Mrs. Ed Simmons, Mrs. George Treece and children, Mr. and Mrs. Jim King and son, Misses Edna and Laura King, Mrs. Fred Parker and daughter, Mr. and Mrs. Lewis Moore and daughter and Miss Nannie Heflin, Miss Nell Alkire and Miss Florie Sanders of Maryville.

Dawson Teacher Ill.

Miss Ora Simonton, teacher of the Dawson school, is ill and Miss Arlie Hulet of Maryville is substituting for her.

MOTHER, DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED

If Cross, Feverish, Sick, Bilious, Clean Little Liver and Bowels.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, Mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

We are authorized to announce Ed Brewer as a candidate for alderman short term from the fourth ward of the city of Maryville at the election Tuesday, April 4.

We are authorized to announce the candidacy of J. W. McKnight of King City for state senator from the first senatorial district, subject to the action of the Democratic voters in the primary election to be held the first Tuesday in August, 1916.

ROBEY FOR MAYOR.

The Democrat-Forum believes that Mr. Robey should be elected mayor.

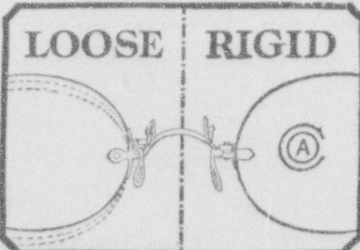

We believe that he is better fitted and experienced in the affairs of the city and the conditions that will have to be met since the loss of the saloon revenues. His record has always been one of economy, efficiency and harmony with the council and other departments of the city. Such an administration will have to be given during the next two years.

Mayor Wright's entrance into the race for re-election, after having finally concluded to run although he had stated several times he would not be a candidate, was done to save the city from Mr. Robey. Mr. Wright and his few lieutenants seem to think that to elect Mr. Robey would be the worst thing that could happen to the city. Several attempts were made by the Wright forces to get others to enter the race but no one could be found to run against Mr. Robey. Mr. Wright states: "I did not want to get into the race, but circumstances force me." What circumstances, Mr. Wright?

Since the two candidates seeking the position both have held the office of mayor, Mr. Robey having been mayor for two terms before Mr. Wright, the voters should make their decision on their merits and records. Efforts will be made to inject the "dry" and "wet" issue in this campaign. That question was settled February 3.

Both candidates are "dry" men and they both took an active part in the last local option election. Mr. Robey will enforce the laws as well as Mr. Wright. Any attempt to bring this issue in the campaign should not be considered as it has no place.

It is scarcely necessary to add that the stand of The Democrat-Forum will have no effect upon its news columns. From its knowledge of both men, the editors believe that A. S. Robey will make the best mayor for Maryville and feels that it is but the part of justice and right to say so.

John Wallace for marshal, F. P. Reuillard for collector, and W. D. Bishop for chairman of the city committee are running on the Republican ticket for the city.

What Others Believe

KIRKSVILLE'S COMMISSION FORM.

Editor of The Democrat-Forum: We wrote Kirksville for a statement of their financial affairs per year under commission form of government and received the following reply:

Each of the city officers receive the following salaries per year:

Mayor, \$750; two aldermen, \$600 each; street commissioner, \$600; city marshal, \$900; assistant marshal, \$780; chemist, \$180; health officer, \$120; city attorney, \$1,200; city engineer, \$1,200; police judge, \$480; weighmaster, \$360; troubleman, \$1,200; driver fire team, \$840; two office assistants, \$600 each; two engineers, \$600, and three engineers at \$720 each, one engineer \$1,200.

This makes a total of \$15,390 paid to officials for running the city's affairs. The population of Kirksville, by the 1910 census, was 6,347.

I have made this statement to let the people know what it cost a city the size of Maryville to run under the commission form of government. I have never seen the cost stated in any article appearing in the papers. Hence my giving it, after writing to Kirksville and getting the facts from one of the city officers.

My brother, who has been a resident of Kirksville a number of years, says that it costs so much to pay the officials that there is nothing left to pay for lights or fix street crossings, and that they are taxed to the limit, and many are talking of going back to the old regime.

CZERWONKY GREAT VIOLINIST

Concert Master of Minneapolis Symphony Orchestra Was a Personage at 18 years of Age.

It is flattering testimony to the eminence of Emil Oberholfer, conductor of the Minneapolis Symphony Orchestra, which comes to Maryville on April 13 and 14, that he retains, year after year, the services of such distinguished musicians as the men who head his various sections.

Richard Czerwonky, the young German who, for several years, has been concertmaster of the orchestra, furnishes a case in point. For a virtuoso who, at the age of eighteen, can arouse the unqualified enthusiasm of

cold-blooded connoisseurs like the critics of Berlin, Vienna, Petrograd, Paris and Amsterdam, can command any recognition that he chooses.

No less a personage than Dr. Karl Muck, the scholarly conductor of the Boston Symphony orchestra, was responsible for bringing Czerwonky to the United States, and he did so in order that the young man might act as second concertmaster under his own baton, during the year which he (Dr. Muck) spent in Boston by special permission from the German emperor.

MAULDING VISITS STANBERRY.

Director Probably Will Organize a Band There.

Prof. T. B. Maulding, conductor of the Maryville Commercial band and Maulding's Orchestra, was in town, Tuesday, talking to many of the boys about the organization of a band. He met with much encouragement and we do hope that he will be successful and that we can have a band. Mr. Maulding is a big musician and Mr. Maulding comes highly recommended. We do hope all the boys will take interest in a band and that we may soon have concerts in our city park—Stanberry Owl-Headlight.

Obituary.

Julia Campbell was born at Watervliet, near Albany, N. Y., May 27, 1832. Her parents were George and Olive Campbell. She grew to womanhood in eastern New York, and was married to Allen C. Hart of Galway, N. Y., Dec. 27, 1855. They lived in different parts of New York state until 1868, when they started out to try the then untried west, and spent two years near Cedar Rapids, Ia. Then in 1870, coming to Nodaway county, they bought the farm now owned by Mrs. J. M. Manley and lived there thirty years. When compelled by failing strength to give up farming they moved to Stanberry, Mo., where her husband died, September 15, 1908, at the age of 81½ years. She was the mother of four children—Frank L. Hart of Parnell, Mrs. Hattie Hogue of Maryville, Elmer E. Hart of Omaha, and Mrs. J. H. Carmichael of Pickering, all of whom, with eight grandchildren and ten great-grandchildren, survive her.

For almost five years she had lived with Mr. and Mrs. Carmichael, and from their home she went to rest March 19, 1916, aged 83 years and 10 months. She was a member of the Methodist Episcopal church, and brought her letter to the Mt. Pleasant church on the Clearmont charge when she came to live with her daughter, and her funeral was preached by her pastor, Rev. Holland, from Rom. 5:1, a verse of which she had been very fond.

She especially enjoyed the S. S., and until the last year had attended whenever possible. Hers was a busy life, always doing for others and never thinking of self. She has gone to the rest prepared for the faithful, but her good deeds remain to influence the lives of those who knew and loved her. The family desires to thank the singers and all who were so kind at this time.

DR. PRETTYMAN

Desires to call the attention of those suffering from catarrh and kindred diseases to the fact that this is the time of year most serious for them.

It is the time when they should do something to counteract the serious results which are so sure to follow its unchecked course.

A cure effected in the winter is a permanent cure. It means a clean, stronger system for the future.

Dr. Prettyman's treatment is the most modern and can be used at home. He also treats Chronic Nervous diseases as efficiently as catarrh. You can consult him free at the Linville Hotel, Monday, April 3.

REPUBLIC RAPS MAJOR

LEADING DEMOCRATIC PAPER AGAINST GOVERNOR.

Says Man Who Will Sacrifice Party for Selfish Desire—Not Fit for Office.

St. Louis, March 25.—The Republic, Missouri's leading Democratic daily in commenting on the Democratic state convention's endorsement of Governor E. W. Major for vice president, said yesterday:

"Sixty days ago Missouri Democratic ranks were marching peacefully along, cheering on the president and incidentally taking a lively interest in the numerous candidates for nomination for governor. Today the air is full of feathers and fur. This is the pivotal Democratic state function. We have a senator to elect next fall and the party must face a reunited opposition."

"Governor Major has been signally honored by his party. There is no principle at stake in his candidacy, nothing but his desire for further office holding. He knew, many days ago, that his candidacy would be fought on the floor of the St. Joseph convention. Is party loyalty a mere obligation of the rank and file? Has any man the right to tear party harmony to pieces to the extent of his ability, merely to feed his own ambition?"

"Why should we try to bamboozle ourselves into the belief that the Major strength in that convention was really 5 to 1? Normal human beings shrink from casting purely negative votes; it is a political axiom that if you want to beat a man you've got to have somebody to 'beat him with.'"

"The anti-Major forces were simply voting against the governor—not for another candidate."

"No man who so signally fails to comprehend the obligation to sacrifice mere personal ambition for party harmony is a safe man to support for the vice presidency of the United States."

Why Missouri Needs A New Constitution

2. The people of Missouri are living under a taxing system that imposes unequal burdens upon the various communities of the state and upon individual citizens. Certain forms of property in general, are readily listed by the assessors, while other forms of property are in many cases not reported for assessment at all. Citizens of Missouri are tempted to withhold their property from assessments, contrary to law and good morals, because some forms of property, if reported for assessment at all, would under the system of taxation imposed by the old constitution bear burdens of taxation so heavy as to amount almost to confiscation of the income on this property. The old constitution imposes this unjust system of taxation upon the people of Missouri and it must be borne until the people adopt a new constitution. (To be continued, one reason daily.)

SPECIAL NOTICE TO MARYVILLE FOLKS

We wish to announce we are exclusive Maryville agents for the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka. This remedy, used successfully for appendicitis, is the most thorough bowel cleanser we ever sold. It is so powerful that one spoonful relieves almost any case of constipation, sour or gassy stomach. Adler-i-ka never gripes, is safe to use and the instant action is surprising. The Koch Pharmacy.

SOME THRIFT STATISTICS

66 OF EVERY 100 IN AMERICA DIE WITHOUT ESTATE.

Only 2 Per Cent Can Be Classified Among "Well-to-do"—Figures From Government Census.

For the young man who thinks it is a manly thing to spend money freely, and who sneers at the thrifty person as "stingy" and "mean" here are a few facts that he may digest with profit.

Sixty-six of every one hundred persons dying in this country have absolutely no estate; they die penniless. Of the remaining thirty-four persons, twenty-five never accumulate more than \$1,300 in their lifetime, and die with less than that. Only nine persons in a hundred have more than \$5,000 when they die.

Only 2 per cent of the whole population may be classed as "well-to-do." The other 98 per cent of the people of this country have only their wages from day to day, or are dependent upon relatives or upon charity. Of every one hundred persons who reach the age of 65, no fewer than ninety-seven are partly or wholly dependent upon relatives, friends or charity food, clothing and shelter.

These figures are not mere estimates. They are taken from the government census statistics and are arranged and given out by the president of the American Society for Thrift, a society organized by some representative business men who see a real danger to our Nation in the American tendency to wastefulness.

It will be seen from these figures that thrift is a virtue that needs to be taught to young people. The boy who squanders his youth in riotous living, expecting chance or luck to bring him a fortune in later life, should scan these figures and learn that he has just nine chances in one hundred to ever accumulate \$5,000 or more, and that if he is to be one of the fortunate ones he must begin early to save.—Kansas City Star.

NOTICE, PRIZE FIGHT FANS

The Democrat-Forum Will Receive Returns of Willard-Moran Battle—Over by 9:30 Probably.

Reports from the Willard-Moran fight in New York City will be received tonight at the office of The Democrat-Forum, and fans may get the returns by coming to this office or by phoning. According to advance information, the big battle will not start until 9:30 o'clock in New York, or 8:30 here.

This should insure the final result by 9:30 here, as a round is three minutes with a minute intermission. To comply with the New York laws, it will be a no-decision ten-round bout, unless one of the fighters scores a knockout.

Mrs. Lark Mendenhall of Barnard, who has been seriously ill the last few months, is not expected to live through the day.

Stomach Trouble Solved

Most stomach troubles are not diseases. The stomach is simply weak. Tired out. The right kind of a tonic is what is needed. A few meals, well digested, will furnish natural strength. That is what a tonic will do for you. It will start the stomach going right. Then the stomach will take care of itself.

PE-RU-NA

Good the Year 'Round

Always Ready-to-Take There is no use of writing a new prescription every time a remedy is needed for a weak stomach. No use whatever. The old, well-tried remedies, put up on purpose for such cases, are a great deal better than an off-hand prescription. Peruna is the remedy that people have relied upon for a great many years. It is ready to take, composed of pure drugs, of uniform strength and composition. Not an experiment. Peruna is a substantial, household remedy, with forty years of splendid history behind it. In buying Peruna you take no risk. You know what you are getting.

MORE ABOUT GERMAN U'S

PROF. S. E. DAVIS CONTINUES INTERESTING TALK.

Tenon Students Applaud by Stomping Feet—Duels With Swords Only Form of Exercise.

At Normal assembly Thursday morning Prof. Davis of the education department continued his remarks regarding German universities. In Germany, as in our own country, the student cannot hang around unless something happens to him, even though no examinations are given there.

The professor in a German university is seldom if ever late to his class, and unless he is of the most odious personality he is always applauded by the students upon entering the classroom. But not by the handclap applaud which would be used in America.

The German students applaud by somewhat of a refined foot-stomp; that is, they give somewhat of a pitter-patter with the sole of the shoe. Twenty-five students can make a good noise, but 500 students make another kind of noise. If a student is late in coming in his classmates merely frown at him if he does not make any noticeable noise, but if he slams the door a little hard they shuffle their feet on the floor.

The lectures of the German professors are always well prepared, and they are almost always read. The students might wait and read the lectures in a book but they claim that after hearing them they are easier understood when read. The students take very full notes; in fact, many of them can write shorthand, and then they study them very carefully.

The mediaeval idea of university freedom still prevails. When a student commits a serious offense he is not taken in hand by the police of the town, but by the university authorities. He is then thrown into the university prison, which is somewhat of a joke.

In Germany duelling is still some-

what in vogue, even though contrary to the few feeble laws which have been passed against it. They have no athletics in school. Instead of taking out their fighting spirit on other schools, they hate their neighboring countries, as France, Russia, etc. Instead of having their halls strewn with medals won from other schools, as we have, they cover their walls with trophies captured in war.

YOU CAN'T FIND ANY DANDRUFF, AND HAIR STOPS COMING OUT
Save Your Hair. Make It Thick, Wavy, Glossy and Beautiful at Once.

Try as you will, after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment. A 25-cent bottle will double the beauty of your hair.

The Closing of Union Star School.

OX WARBLE TIME NOW

Bump on Cattle Which Depreciates the Value of Hides Can Be Removed by Treatment Now.

It is time to remove the ox warble which now appears as humps about the size of a pigeon egg under the skin on the backs of cattle. If allowed to remain they leave holes in the skin of the animal which reduces its selling price and makes the beef near the grub slimy and green. The butcher does not like this "licked beef."

The best treatment as suggested by T. J. Talbert of the Missouri College of Agriculture is the usual method of pressing the grubs out through the opening at the top of the swelling. A sharp knife and a pair of tweezers will often make the work easier. The grubs should be crushed to prevent their developing into the flies which next summer lay the eggs that hatch into other grubs. The backs of the cattle should be examined every two or three weeks.

Oils are sometimes smeared over the infested region with fair success and cattle that are too wild or too numerous to be handled otherwise are put through dipping vats. The objection to these methods is that the wounds do not heal well unless the grubs are removed.

BILLY'S AUTO.

Billy's car was painted gray. It looked so old and worn. That the girls all looked the other way And made poor Billy mourn.

Said Billy, "This will never do, I always am too late, The girls all go in the car that's new, And I never can get a date.

Then Billy thought of a painter's shop, On Sixth street, east of Main. He said, "To this I'll put a stop, And ease my pride of strain."

Then Billy took his old gray car To see what the painters would do. Of course, it was covered with dust and tar, But they made it look like new.

Then when he started for a spin, His heart leaped up with joy. The girls all stopped and stared at him, Now "Billy" was the boy.

Then Billy had no end of fun, For this was the "year in four," The girls all ASKED to take a run, His worries were ended forevermore.

Whenever he has anything to repair, To paint, to paper, or a roof to mend, Harness to fix, or a lock, or a chair, He says, "A call to the shop I'll send."

Whenever you have any work to do, We ask that you give us a trial. We'll patch your plaster, or fix your shoe, And when we've finished you'll pay with a smile.

USE "CASCARETS" FOR LIVER AND BOWELS WHEN CONSTIPATED

When Bilious, Headachy, Sick for Sour Stomach, Bad Breath, Bad Colds.

Get a 10-cent box.

Take a Cascaret tonight to cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, a bad cold, are bilious, nervous, upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.

'HAINE'S BUNCH' UNIQUE

NINE YOUNG WOMEN, BOSS AND PORTER IN GROUP.

Meet Once a Week to Discuss Their Work—Sale Beginning Today a Result.

All the Maryville trade territory sat up and took notice Thursday when a page ad appeared in The Democrat-Forum. It contained the picture of nine young ladies, the boss and the negro porter of the Haines store. And a unique sale in the history of Maryville merchandizing opened this morning.

The nine young women are Misses Clara Sherlock, Elizabeth Heffern, Katherine Vaughn, Anna Stapler, Ella Noll, Bertha Schmauder, Irene Redfield, Gladys Ford and Stella McDowell. H. L. Haines is the boss and Aaron Williams the porter.

This "bunch" meets each week for the purpose of studying, planning ways and means for the betterment of their individual department, and the old saying that two heads are better than one was proved recently at a meeting with Boss Haines, when the suggestion of a Haines Bunch sale was made.

The store is artistically decorated with Haines Bunch colors, red and white. A large 8-foot pennant with "Haines Bunch" in large letters is hung across the archedway to the ready-to-wear department. Huge vases of red flowers are placed on either side of the archway.

The Haines pennants of various sizes are used profusely on the main floor, large bows of red ribbon are also featured in the decorations in carrying out the red and white color scheme.

The price cards are unique in design, featuring the red and white idea. Around the border of these cards is the picture of the Haines bunch, with Boss Haines, and the negro porter, Aaron Williams, who is also a part of the bunch.

This sale is not only attracting attention because of its uniqueness, but also because of the bargains that are offered by the "store that has it cheaper." One of the most attractive features of the display are the windows, which contain large clusters of red roses with small electric lights hidden within.

Advertising and Ethics

Advertising is a factor of constantly increasing power in modern business; and it affects the public very vitally. The agencies for the dissemination of advertising have increased remarkably. The use of advertising from sporadic

distribution of the finished product; and it has become no less a matter of very serious concern to the public. For business men, therefore, to consciously seek to establish and enforce a code of ethics, based on truth, that shall govern advertising, methods, and effects is splendidly significant. It augurs permanence and stability in industrial and distribution methods because it is good business judgment; and, more than that, it indicates a fine conception of public obligation on the part of men in business, which is one of the inspiring things in our outlook upon the future of national conditions and institutions.

This Article—one of a series to Advancing Advertising, by the Associated Advertising Clubs of the World (headquarters Indianapolis)—was written by

HON. JOSEPH E. DAVIES,
Chairman, Federal Trade Commission,

who further says:—
"The Associated Advertising Clubs of the World are to be congratulated upon the splendid manner in which they are seeking to build up business ethics from within."

Advertising has wrought and will continue to create miracles in public opinion. It has become a matter of paramount importance to all phases of industry, from the processes of extraction of the raw material to the final
